Projects

Project 1 IMG Website
Period: July 2016 - Current

I am currently working on IMG Website as a full stack developer
Hosting its backend on django and frontend on Bootstrap and jquery. Also the same consist of
several features like Add blog Update profile.

Project 2 Login Mechanism and chat application
Period: April 2016 - July 2016

I have made complete login mechanism from scratch on both Django and PHP provding all the
validations, checks ,sessions and cookies.
Along with that i made a chat application with the help of Node.js and Socket.io.
All these projects can be found on my github profile(" <https://www.github.com/pranjaltale16> ").
